

STAFF ACHIEVEMENTS

Campus Connect - (industry-academia collaboration program) - launched by Infosys Technologies Ltd. It is a unique academia-industry initiative to align engineering student competencies with industry needs and thus increase the employability of these engineers. Teaching staff are trained by Infosys through Faculty Enablement Program (FEP). Students undergo Foundation Program (FP) training through these trained faculty members and is very useful for CSE students to brush up their skills. Infosys shares with academia its mature technology training methods, courseware, student project samples and other such learning resources that have been developed, perfected and practiced.
