

REPORT - QPEX 2016

QPEX -“Experiencing the Physics concepts” - Event

26thOctober 2016

“QPEX – Experiencing the Physics concept” event was organized by the Department of Physics, Velammal Institute of Technology on 26th October 2016. The event was aimed to strengthen student’s knowledge on the concepts of Physics especially through activity based learning and also to upbring their intellectual talent and make them successful by realizing their potential.

Mr.Vishal Bhat from Innovation and Science Promotion Foundation (ISPF), Bangalore graced the occasion. He enthralled the students with his wonderful captivating live demo on various Physics concepts. The Live demo focused on many interesting concepts in it which interlinked the learnings they had in their subject areas.He motivatated the students to try with various other methods for further learning. A competition was held for the Best Project Display and Best Paper presentation on “Recent advances in Science” between the students from various schools.

Nearly 245 students from various schools across Chennai and other district schools participated with their project and paper presentation in the event.The Valedictory function was presided over by the Advisor Mr.K.Razak. Attractive Cash Prizes were given to the best project display/ paper presentation winners.The valedictory function ended with vote of thanks by Ms. R.Saraswathy, Assistant Professor Department of Physics.
