

“ Making Dreams Come True ”

Velammal I Tech has been a turning point in my life. We had been undergoing boundless placement training right from 1st semester. We had soft skill training which drove out the fear & nervousness from us & induced courage in us. The aptitude training helped us to solve tricky problems. The technical training which we had bridged the gap between our theoretical knowledge & the industrial practice. I would love to quote that me getting placed in Accenture would be an unrealised dream without Velammal Institute of Technology & the support given to us is immeasurable.

SARANYA
B.Tech (Information Technology)
Accenture

Dual offer – First got placed in TCS and then got placed in CSC

First of all, I would like to thank Velammal Institute of Technology immensely for what it has given me & the support it has showed in my aspirations towards a successful career. The placement support provided by the college is top notch. Our faculties, placement cell, & all other staff have been very helpful & approachable. They have provided me with all the guidance I required.

VIGNESH MEYYAPPAN
B.E. (Electronics and Communication Engineering)
CSC

It's been a great opportunity for every student to study in a well reputed institution like Velammal trust. Velammal is concerned in providing better knowledge, train pupil in all areas. Our college is the best for its placements. Though it was a first batch in engineering, more than 75 percent students have been placed in top companies like TCS, WIPRO, ACCENTURE, CSC, UST, etc. in the first round itself. It'll be one of the greatest achievement in Velammal history. Also it'll be encouraging for the juniors to get trained & prepare well for their placements. As training is provided by the college with best trainers, forth-coming batches will also achieve 100 percent placements.

PRIYA R
B.E. (Computer Science and Engineering)
Tata Consultancy Services

I got placed in Wipro. Firstly, I would like to thank the Management & all my faculty members who continuously supported me for my placement. Several training programs were conducted to improve my personal skills & provided lots of tips to face difficult situations in interviews. All my department staffs provided their full support till the end of my placement.

SAKTHI LEELA
B.E. (Computer Science and Engineering)
Wipro

Dream is always a factor that makes us never sleep even when we are asleep. Nowhere, even in my dreams I dreamt becoming an Entrepreneur. Velammal laid in me the platform to not only dream myself becoming an Entrepreneur, but also made me touch & feel my dream. Yes, now I am a standing example for an Entrepreneur with Knowledge as an investment for the success. Velammal gave me the knowledge I was desperately in need. I am proud to be a product of Velammal & I bow to them for grooming my talents & making me successful. I don't believe in GOD, so I prioritize the well known statement as Matha, Pittha, Guru & Velammal.

VIMALNATH VENKATASUBRAMANIAN
B.E., MBA. (PhD)
Proprietor

My long term passion & dream is to become a transportation designer. By getting into mobility & vehicle design course at IIT Bombay, the first step towards my dream came true. I got 195th rank in the Common Entrance Exam for Design examination conducted by GATE & was one among the 9 lucky students to get a seat in that course. Velammal Institute of Technology management supported me a lot by providing enough time to prepare for the entrance exam & providing leave whenever I approached them. I would like to thank my parents, faculty members & my friends who motivated me to achieve my goal.

HARISH KUMAR P
B.E. (Computer Science and Engineering)
IIT Mumbai (M.E.)
